

ROME

WHERE

ENTERTAINMENT

It's no "one night only" at the Micca Club. The brains behind this new lounge make certain that your musical experience stays with you...online, on the page and on the radio. Variety is the key flavor here where the evening varies by the hour, djs get the mood started and pass the mic to live performers, and it's all broadcast on Micca Club radio. A website and magazine project are currently in the works in order to keep avid listeners updated all the time. With 1,800 square feet, three bars, a dance floor and an enormous performance space there's something for nearly everyone. Here's a sampling of February's line-up. Call or visit the site for information and reservations. -A.S.
